Orpheus Male Quartet Gives Concert at Baptist Church Under Auspices of X. B. K. Fraternity

A concert by the Orpheus Male quartet was given last evening at the Baptist church, under the auspices of the X. B. K. society, before an appreciative audience.

The program was generous, offering old and new favorites which ranged from serious to comic.

Solos by Mr. Booth were warmly endorsed and Mr. Lister's impersonations of the trombone player, the country choir, and Zeke with his Ford were enthusiastically applauded.

The members of the Orpheus quartet are Fred Booth, first tenor; Thomas Hay, second tenor; Harry Lister, baritone; Lawrence Bottomley, basso.

Candy and cake were for sale by Selden Billington and Joseph Lovejoy.

#### "Sherlock Holmes"

Sherlock Holmes is the best known character in fiction of the present generation, if not of all time; his name and fame have been carried over the civilized world until merely to pronounce the name conjures up a vision of a master detective of almost superhuman intelligence. In every language the words, "Sherlock Holmes," mean a detective of uncanny insight. The stories by Sir Arthur Conan Doyle in which Sherlock Holmes figures have been translated into all languages and have carried his fame into every nook and cranny of the world.

In the realm of the imagination he is a commanding figure, but a figure that has not hitherto been available for the screen. It was inevitable that some day Sherlock Holmes would appear as the hero of a screen story. The immortal detective will be seen at the local theatre on Monday and Tuesday, May 28, 29, for two days in the Goldwyn picture called "Sherlock Holmes." It is an adaptation from the stage play fashioned about Sir Arthur's famous character by William Gillette, which that actor used for years on the speaking stage.

It has been one of the most popular plays in the history of the American stage. Every stock company in the land has played it. Its film versions awaited the finding of an actor who could translate the character in all its finess to the screen.

Such an actor was found in the person of John Barrymore, the most romantic and picturesque figure on the American stage—son of a theatrical family, who has of late years proved himself possessed of histrionic genius in a high degree. In "Redemption," in "The Jest," in "Richard III" he leaped head and shoulders above the best known actors on the American stage. He has youth, magnetism and an uncanny power of submerging himself in the character of any role he plays. His selection to act Sherlock Holmes in the Goldwyn picture was a managerial inspiration. He is Sherlock Holmes in the picture just as he was Richard in the Shakespeare play, just as he was both Dr. Jekyll and Mr. Hyde in the screen version of Stevenson's masterpiece in which young Barrymore demonstrated that he is a consummate screen actor, rivaling in shadowland his acting triumphs on the speaking stage.

"Sherlock Holmes," as a photoplay, has all the ingredients of thrills, suspense, mystery and high-actioned drama which make the detective story the most captivating form of fiction and which have made the Sherlock Holmes stories stand at the head of that class of fiction. The production was directed by Albert Parker, one of the most skilled picture directors in America. He took Mr. Barrymore and the other members of the company to London where most of the scenes—all of the exteriors and many of the interiors—were shot. A flying trip was even made to Switzerland to get absolutely accurate "atmosphere" for the few brief scenes which take place there.

Prof. Moorehead to Help Solve Indian Question

Warren K. Moorehead, curator of the department of archaeology, at Phillips academy, and member of the United States board of Indian commissioners, has been invited by the secretary of the interior, Honorable Hubert Work, to join with one hundred prominent men and women national vision, including publicists, educators, government of States, churchmen and citizen Indians, to help solve the so-called "Indian question" which has been a problem of the government for many years. Professor Moorehead has been identified with the work of the U. S. Board of Indian commissioners since 1909, and has carried on investigations and exposed wide-spread graft among Indian tribes in Minnesota and Oklahoma. He is also the author of "The American Indian in the United States—Period 1850-1914," that sets forth in detail the treatment of these wards of the government.

### New Books Added During May

ACKERMAN. WALLPAPER. An interesting addition to the books on interior decoration. Covers the historical development of the use of wall coverings, the present mechanical production, and the requirements of good taste and appropriate design. Helpful to any one desirous of constructing an artistic room. 745 A18

BRUCE. MEMORIES OF TRAVEL. Includes travel experiences of fifty years among a great variety of climates, scenery and peoples. The countries visited range from Iceland in 1872 to Poland, Hungary, Palestine, the southern Pacific, and Siberia. 910 B84

LEWIS. PRACTICAL BOOK OF ORIENTAL RUGS. The fifth enlarged edition of a work which has become a standard. Finely illustrated, both in color and half-tone, the book is of value to all who are interested in the beautiful rugs of the East, and in an industry which is almost entirely killed by the war. The different kinds of rugs are classified according to outstanding characteristics, and suggestions given as to those most suitable for specific purposes. 745 L88

POLLOCK. THE FOOL. Text of a play which has had a remarkable run in both Boston and New York. Deals with economic aspects of wealth and capital as opposed to labor, and the old, never-solved problem as to what constitutes the real values of life. 822 P76

WERNER. BARNUM. A popular biography of a man who was once an outstanding public figure. Interesting reminiscences of his successful entertainment of the American people, whether by fraud, freak, or legitimate enterprises. Valuable as a piece of past history and of times which can never be duplicated. 92 B266w

### Andover Beats Fitchburg Normal

Saturday afternoon the Andover baseball team won its sixth consecutive victory, defeating Fitchburg Normal school nine, 13 to 0. The Blue batters scored almost at will off the offerings of pitcher McNally, the Fitchburg slabanman. Twelve hits went ringing into the diamond off the bats of Van Johnson, Red Randall, Bill and Company, and the Blue scored in six different innings.

Andover played errorless ball in the field, this being the first game in which it has done this. The team totalled thirteen assists, which is a good record with no errors or miscues of any form.

Galli-Curci to Sing at Empire Theatre

Andover will be hostess to Galli-Curci over Memorial day. The great singer will be heard in the Empire theatre at Lawrence, on the evening of the holiday, and, as is her custom, she will come to this vicinity to spend the night before and the night after the concert. The singer picked Shawshen Village as the place that most appealed to her and quarters have been engaged at Shawshen manor.

Many Andover people are going to hear Madame Galli-Curci when she sings next Wednesday night. People in this town responded in large numbers during the period when mail orders were being received. Now that the public sale is on many more people have availed themselves of the opportunity of securing their tickets.

Nobody wants to be disappointed, especially when such an attraction as the world's greatest singer is the attraction. But the seating capacity of the Empire theatre is limited, and unless those intending to go to the concert act quickly they run the chance of not going at all. Up to the present engagement that of Geraldine Farrar in Lawrence, held the record for advance mail order sales for tickets. Madame Galli-Curci's advance mail order sale exceeded that of Geraldine Farrar by \$800. That means, without a doubt, that the big Empire theatre will not be big enough to house all who want to attend.

Tickets for the concert are now selling at Gardner's Temple of Music and at Kneupper & Dimmock's music stores, both in Lawrence.

It may be interesting to know that the singer will receive at least \$3000 for her Lawrence concert. Her contract calls for at least that amount, and it gives her the option of taking that, or seventy per cent of the total receipts. In Lowell, last October, she exercised the option and took seventy per cent of \$5,713.40. One year ago her managers, Evans and Salter, made the statement that Galli-Curci was earning six times the salary of President Harding. That means that her income was not less than \$450,000 for the year. This year she will earn more.

Galli-Curci will sing a program of twelve numbers, and in addition will be heard in several extras, including "Silver Threads Among the Gold," "Lindy Lou," "Love's Old Sweet Song," "Lo, Hear the Gentle Lark," and "Swanee River."

The program proper will include the following numbers:

a. Nna (Old Italian) Pergolesi  
b. The Lamb with the Delicate Air (Old English) Arne  
Hymn to the Sun (From "Le Coq d'Or") Rimsky-Korsakoff  
The Wren (La Capinera) with flute a. Tosti (Crepuscolo) Massenet

**Church School Union Met Saturday at Christ Church**

The annual meeting of the West Merrimack branch of the Episcopal Church School Union was held Saturday afternoon in Christ church, and nearly 100 delegates and visitors were present.

Rev. Henry Quimby, president of the union, was in charge of the business session and officers elected were Rev. Raymond H. Kendrick of St. Paul's church, North Andover, president; Rev. Gilbert V. Russell of All Saints', Methuen, vice president; Havila B. Taylor of Lawrence, secretary and treasurer; Mrs. C. Bertrand Bowser, William Ridings, A. H. Parker of Lawrence, Miss Kelly of Lowell and Miss Alice Mills of North Andover, executive committee.

The services were held in the church at 3 o'clock and an excellent sermon was preached by Rev. Allen Evans, Jr., rector of the Church of the Epiphany of Winchester. The address to church school workers was given by Rev. Theodore Ludlow of Newton, of the Cathedral church of St. Paul, Boston. Mr. Ludlow gave a very instructive talk with many valuable ideas on the "Methods of Missionary Teaching in the Church School."

Visiting Officer Gilman of Lowell, of the state board of charities, gave an interesting talk on "How Church Schools Could Help in Prohibition." The address of welcome was given by Rev. Charles W. Henry, rector of Christ church.

The churches of the branch are Christ church, Andover; St. Andrew's of Ayer and Groton; St. Luke's and St. Anne's of Billerica; All Saints' of Methuen; Grace, St. Augustine's, St. John's, Lawrence; All Saints', Chelmsford; St. Anne's, St. John's, Lowell;

**St. Paul's, North Andover; St. Alban's, North Chelmsford; Shirley.**

The delegates were given a supper in the parish house by Christ church school, under the direction of W. Dudley Yates, superintendent. The committee was Mr. Yates, Mrs. Gerard Chapin, Mrs. Irving Southworth, Mrs. Arthur Bliss, Jr., Miss Nan Sellers, Mrs. W. Duane Walker, Mrs. Charles W. Henry, assisted by Misses Ruth Mitchell, Viola Gates, Eleanor Flint, Nellie Irvine and Priscilla Whitmore.

**Andover Girl in Smith Events**

Mildred H. Frost, daughter of Mr. and Mrs. Archie Frost of Salem street, will take an active part in the Commencement Exercises at Smith College this June. With Marion DeKonde of West Englewood, N. J., and Dorothy Woods of Hatfield, Mass., she will sing "Dream Catcher" on "Ivy Day," May 18.

Miss Frost will play the part of Petruccio, one of the leading roles in the Senior Dramatics production, "The Black Masquers," by Leonid Andreyev. Senior Dramatics are given in Commencement week by members of the graduating class.

"The Black Masquers," the play chosen this year, will be taken for the first time in America at Smith College. It is a symbolic drama, one of Andreyev's two greatest, and is laid in the time of the crusades. It is a play with a mood, the keynote being given by Lorenzo, the chief character when he likens his soul to an enchanted castle. The play is full of color and is spectacular, the cast numbering well over one hundred persons, and great pains are being taken with the staging and costuming. An interesting feature of the production will be the extensive use of facial masques instead of make-up for difficult characters.

Edith L. Wade of Andover will also take part in "The Black Masquers."

**Tribute to John Gordon**

Clan Johnston, 185, O. S. C. met last Friday night in Garfield hall, Alfred Robb, chief, presiding. A silent tribute was paid to Clansman John Gordon, who died last week, and as the members stood, taps were sounded by Clansman Robb. Mr. Gordon was one of the most active and enthusiastic members of the local clan.

Three members were initiated and three applications received. Plans were made for the visit of Clan Lindsay of North Cambridge on Friday, June 1, and for the Boston visit, Saturday, May 26, for the initiation of Gov. Channing Cox into Clan McKinley.

**Miss Millett Showered**

The G. A. L. club of young ladies gave Miss Maud Millett of the Smith and Dove office force, a surprise shower last Friday evening at Baldpate Inn, Georgetown. Seventeen covers were laid and a chicken dinner was served.

Miss Millett received many beautiful gifts in honor of her approaching marriage. An entertainment followed with readings by Miss Mabel Marshall and vocal solos by members of the club.

The affair was in charge of Miss Emma Holt and Mrs. Osborne Sutton. Others who were present were Miss Mabel Marshall, Mrs. Roy Hardy, Mrs. Philip Hardy, Mrs. Roy Dearborn, Mrs. Lillian Carmichael, Miss Maude Millett, Miss Katherine Berry, Mrs. Herbert Carter, Miss Florence West, Miss Lucy Cheever, Miss Edith Kendall, Mrs. J. Everett Collins, Mrs. Paul Ward, Mrs. Carl Stevens and Miss Jennie Gadapee.

**Double Surprise Party**

A surprise party which really was a surprise, was given last week to Jack Keefe, boys' instructor at the Andover Guild, and to his assistant, by forty boys, members of their classes.

Jack was told it was on George and George thought it was on Jack and it was on both of them.

They have been very efficient workers in the Guild classes and as a reward for his services a fine set of military brushes was presented to Assistant Instructor Haddon by Mr. Keefe. Recovering from his surprise, he immediately delivered a set of cuff links to Instructor Keefe, who was equally surprised.

Mr. Haddon will leave shortly for Nantucket, where he has secured a position in Coleman's Garage. George has been prominent in athletics and a star soccer player. He has also been successful in entertaining and has taken many parts in amateur dramatics and minstrelsy.

Games were played under the direction of Miss Vivian Taylor, Superintendent of the Guild.

**Marriage**

Gen. Wm. F. Bartlett Relief Corps No. 127  
Mrs. Joseph Nuckley, President  
The Ladies Auxiliary of Camp No. 111 S. of V.

Miss Annie Kibbee, President  
The line of march is as follows:—Andover square to Main street, Main street to Morton street, Morton street to School street, School street to Central street. Upon reaching Central street, the column will turn to the left (with the exception of the detail, which will decorate the Catholic Cemetery). The following units will form on the green at the east of the South church, facing the church in the following order:  
Post No. 8 The American Legion  
Boy and Girl Scouts  
Ladies Auxiliary to Post No. 8 School Children

The Ladies Relief Corps and the Auxiliary will be conveyed in auto barges from the Town hall to the South church. The machines will be formed on Park street. Soldiers' graves in the South, Episcopal, and Catholic cemeteries will be decorated by the members of the American Legion, with the remaining units on the green.

The ceremony will be the same as in former years. Each person detailed will take one basket as the details march past the flower station. Details will then, under the direction of their leader, march to their section of the cemetery. Each person will stand beside a particular grave to be decorated and kneel at the first volley of the firing squad; second volley, place the basket; third volley, stand at attention while "Taps" is sounded immediately after the third volley, and salute at the last note. The following organizations will enter auto trucks as soon as possible after "Taps" is sounded for Spring Grove cemetery.

Accept Invitation from Baptist Church for Memorial Sunday

At the regular meeting of the General William F. Bartlett Woman's Relief Corps, held Tuesday evening in G. A. R. hall, Mrs. Franklin Valentine was elected chairman of the committee to arrange for Flag day exercises to be held in the Town hall on June 14. The invitation to attend divine worship at the Baptist church on Memorial Sunday, May 27, was accepted. Members who attend the service are requested to meet in front of Musgrave building at ten o'clock.  
Mrs. Charles Buchan reported that a thousand persons attended the May breakfast and that the net proceeds of the affair were \$35.82.  
At the close of the business meeting refreshments were served by Mrs. Valentine, Mrs. Eastman and Mrs. Allen.

**Selectmen Combine Offices**

Monday afternoon, the selectmen received the resignation of William C. Crowley as scaler of weights and measures, which was accepted. The board voted to appoint Charles F. Emerson to perform the duties in conjunction with those of fire chief, at an increase in salary. The other fire engineers confirmed were L. D. Pomeroy and Harry Wells.

The board also took steps to compel owners of buildings in which trucks are used to comply with the state fire laws. Violations of the law have been reported to the selectmen and one owner was present at the meeting and agreed to comply at once with the law.

**Young Man Shoots Himself**

The condition of James Smythe, Jr., of Maple avenue, who attempted suicide last Friday evening at his home, following an argument with his father, is reported as comfortable by the nurses at the Lawrence General hospital, and that he is not on the danger list.

The young man shot himself about 6.30 last Friday evening, becoming angry at his father, it is said, because the latter would not give him money for a new suit of clothes. Smythe was conveyed to the Lawrence General hospital by the Andover police. He said he did not know what tempted him to do the rash act. An operation was required to remove the bullet, which had pierced the abdomen.

Young Smythe is a member of the Free church, and has been prominent in Christian Endeavor and X. B. K. work in the church. He is known as a young man of good reputation about the town.

**Gift to Historical Society**

A collection of Andover relics has been given by Edward Chandler, executor of the estate of the late Mary Ballard, to the Andover Historical society.  
The collection includes old Andover Ad-

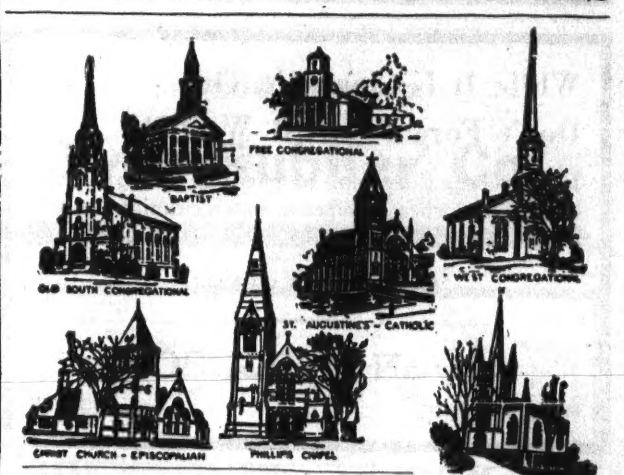

vertisers and other old papers and books, a sign that used to swing on the old Ballard tavern in Ballardvale on the road to Woburn, later the William Allen place, a piece of the wedding dress said to have belonged to Pompey Lovejoy's wife, the negro for whom Pompey pond is named, and other interesting articles. Omar P. Chase, a director of the Historical society will look over the collection and select those things which will be of use and interest to the society.

# A Need for Town Supervision

According to a notice which appeared in last week's Townsman, the current week has been "Clean-up" week in Andover. The Board of Health has urged everyone to "clean up rubbish, garbage, and all else which would be a detriment to the public health," and beginning on Monday next they plan to make an inspection of the town to determine how completely their orders have been carried out.

There will be no opportunity for the delinquent cleaner to tell such an inspector that the weather has not been suitable for out-door work. Dame Nature has certainly cooperated with Andover in this respect. Nor have the days been such that fires for the destruction of rubbish have been in any way dangerous if carefully watched. The most serious problem which has confronted most of us has been the proper care of our garbage and such other refuse as ordinarily finds its way to the garbage can.

Whether or not it has become less fashionable to keep pigs then it was in former years, or whether science has decreed that some other food is better for the grunting animals, or whether pig-keepers are no longer interested in going far afield for their source of food supply, the fact is present that it is almost impossible to find anyone to remove the garbage from the back yard. It is really remarkable that a town of this size has been able to go so long without the town taking any official action toward the collection of garbage and rubbish. It is a problem which eventually must be faced and while one hesitates to suggest any enlargement of the town's present activities, a situation which so closely affects the heart of the town's health should receive some very immediate attention.

To be sure, there are certain arrangements by which some are securing the removal of their refuse, but the arrangements are so unsatisfactory, the question of removal so uncertain, and the present facilities entirely unable to meet the demand for such service, that it really seems reasonable to investigate thoroughly the question of town supervision of garbage and rubbish removal.

In Lawrence, a city of 100,000 is cared for as far as garbage removal is concerned for a total cost of about 17 cents per person per year. Probably the cost in Andover would exceed that somewhat, although the need for action comes more in a small section at the center of the town than it does in the outskirts, and a localized collection service could be operated more economically than could such a service over a sparsely settled section.

The question of the town care of the situation as it now exists has been brought before town meetings many

times. Each time it has been supported by a few who felt the situation very keenly, and killed overwhelmingly by the majority who have felt no personal need for town action. The Townsman feels that the time is ripe for the success of some definite action on the question, with the situation being felt more acutely every day and the Board of Health presumably in a position to make a definite report after its inspection of the coming week.

# Editorial Cinders

Despite reasonably concentrated efforts to make some headway against the tent caterpillar last year, the evidences of its rapid multiplication are everywhere apparent along Andover roads. There is some time left, but very little, in which something may be done to aid in the extermination of this pest. By all means be sure that no nests are left unsprayed on your own land, and if you're really interested in preserving the health of a bit of woodland which you may own, it will repay you many times to give that a thorough inspection also.

Speaking of pests—surely you have burned your last year's corn stalks by this time.

No one thing in the conduct of the town's affairs has occasioned so much favorable comment in the last few weeks as has the manner in which the recently appointed motorcycle officer has been performing his duties. It is clearly evident to everyone who has taken the trouble to notice, that he firmly believes that the use of courtesy and common sense in the conduct of the duties of his office, accomplishes much more than does bare civility which at times lapses into downright boorishness. Such an officer does much to better the opinion of Andover which visitors frequently gain only from the police force, and his actions are deserving of the highest commendation.

Next Wednesday is Memorial Day! With the tremendous development of semi-professional sports which has come in the past few years as a direct result of army and navy athletics, there has come an increasing number of semi-professional contests staged on holidays, and frequently there is a desire to utilize the entire day in such a manner. Is it not right to expect that at least half the day shall be given over to the observance of those ceremonies to which the day is dedicated? It seems only fair to expect that Andover will give sanction only to those contests which are planned for afternoon and that the morning will be kept sacred to the memories of those who are no longer with us.

# Poppies to Be Sold for Welfare Work

The annual sale of poppies for welfare work among the ex-service men is being conducted this week by members of the Woman's Auxiliary to Andover Post 8, American legion. Regretting to have the appearance of commercializing Decoration Day or the preceding Sunday, it is hoped that everyone who wishes to help, will purchase poppies early in the week.

At the regular meeting of the auxiliary held at headquarters last evening with Mrs. Fred G. Cheney presiding, it was voted that members should not wear the uniform as in former Decoration Day processions, but ordinary street costumes.

Mrs. Fred G. Cheney, Mrs. Frank M. Foster and Mrs. Freeman Abbott attended the Essex County Council meeting held last Saturday in Danvers.

# Entertained Entre Nous Club

A delightful reunion of old friends took place last Saturday when members of the Entre Nous club were entertained at luncheon by Miss C. Madeleine Hewes of Porter road.

The decorations were of peach blossoms and covers were laid for fourteen. After the luncheon, cards were played.

Among those present were Mrs. Ralph Bailey, Mrs. George Hussey, Mrs. Horace Hale Smith, Mrs. Chester D. Abbott, Mrs. Stanley A. Pratt, Mrs. Arthur W. Hall, Mrs. Herbert E. Russell, Mrs. Joseph H. Blunt, Mrs. Roy H. Bradford, Miss Alice Coutts, Mrs. Leon O. Ducklee of Somerville and Mrs. Gerald D'Arcy and Mrs. Michael F. D'Arcy of Dover, N. H.

# Lincoln Spelling Match Tonight

The annual spelling bee for the Varnum Lincoln and Alfred Lincoln prizes will be held tonight in the Town hall at 7:30. The Alfred Lincoln prizes are offered to pupils of grades 5, 6, 7, and 8, of the public schools. The Punched pupils also take part in this preliminary contest and the two successful spellers are eligible for the Varnum Lincoln prizes, in the final contest.

Two from each grade who win the Alfred Lincoln prizes also compete in the final contest. Principal Nathan C. Hamblin of Punched will give out the words and Arthur W. Leonard of Phillips academy will again be the judge. The prizes will be presented by Roy H. Bradford, chairman of the school board.

# Children's Day at the South Church

For two years the observance of Children's day in the South Church has been characterized by the baptismal procession, in which the children are brought in by their parents at a quarter past eleven o'clock, and are baptized in the presence of the entire church school as well as the general congregation. The pulpit platform is vacated by the minister and occupied by a large group of the children, who are in the Primary department.

This year the date of Children's day falls upon June 3, the first Sunday in the month, instead of the second Sunday, because the latter date has been taken by Abbot Academy for its baccalaureate service.

The public is invited to witness the Children's day service as usual, and all parents desiring baptism for their children are asked to confer with the minister.

# Memorial Hall Library to Celebrate Half Century of Service

Fifty years ago, on May 30, 1873, the people of Andover gathered to dedicate, in the name of their Civil War heroes, the Memorial hall. The address was delivered by the Rev. Phillips Brooks, destined to become a great and beloved bishop.

There are yet men and women who remember those dedicatory words, and the opening of the library a few days later. One of the original trustees, E. Kendall Jenkins, now in his ninety-first year, is still a trustee. Ballard Holt, a Civil War veteran, who was librarian from 1873 to 1906, is sometimes to be met in Andover square.

Fifty years of service is a landmark in the life of an institution as well as of an individual. Practically unchanged in outward appearance the Memorial Hall differs greatly in its interior from that of early days. Bare floors, kerosene lamps, long tables and benches have given place to cork carpets, electric lights and modern furniture. Gone are the partitions and barriers which shut all books from view. The modern library trustee is ambitious to make the public library of the greatest use to the greatest number of people. The modern librarian is no longer a custodian, chiefly concerned with the safeguarding of books, but rather, a hostess, to introduce, at any moment, a book to a reader.

The tablets in the Memorial Hall bear an ever-lengthening list of names. The half-century has seen two wars, one of which involved the civilized world in its train of disaster and sorrow. There are younger heroes now to be honored.

In recognition of the library's fiftieth anniversary and of the high purpose for which it was founded, the Trustees have planned a service to be held in the Town hall on Sunday evening, May 27, at 7:30. Dr. Alfred E. Stearns will give an historical sketch and Rev. J. Edgar Park will make an address.

To this service the Trustees invite all who are interested in the Memorial Hall Library and in town progress. There is no other public institution which enters so closely into the homes of Andover, which touches alike the interests of every individual. Those who are already familiar with its resources will appreciate this pause to look back over the half-century, to take account of work already accomplished, to plan greater usefulness in years to come. Those who are unaccustomed to enter its doors may realize more clearly the free opportunity it offers to all, young or old, rich or poor, for amusement, advancement, and education.

The members of the committee in charge of the anniversary celebration are: Burton S. Flagg, chairman; Rev. Frederic A. Wilson, and Philip F. Ripley.

The program:  
Introductory remarks Nathan C. Hamblin  
Prayer Rev. F. A. Wilson  
Historical Address Dr. Alfred E. Stearns  
Song—Recessional J. Everett Collins  
Anniversary address Rev. J. Edgar Park

# Cradle-Roll Party

Fifty babies and their mothers, making a gathering of one hundred persons, were entertained by the Waukegan Campfire Girls at the annual cradle-roll party given yesterday afternoon at the South church.

Games and toys were provided for the little people and tricks by "Uncle" Crawford were a special source of amusement. Refreshments were served.

The names on the cradle roll of the South church Sunday school number more than one hundred and half that number were able to be present at the party. The guests ranged in age from Marjorie Louise Crosby, daughter of Mr. and Mrs. Percy Crosby of Bartlet street, who was born in September of last year to boys and girls of five years. Twenty-one members of this department, whose names were entered in 1918 will be graduated in June into the primary department of the Sunday-school.

# League of Women Voters to Hold Annual Meeting

The annual meeting of the League of Women Voters will be held in the November clubhouse on Monday, May 28.

An informal supper will be served at half past six, after which there will be a business meeting for the election of officers and discussion of work for the coming year. Only those members whose dues are paid will be eligible to vote.

A committee with Mrs. J. Albion Burr as chairman has planned an entertainment. Miss Elizabeth Loftus will dance and several additional surprise numbers have been planned. Mrs. James Feeney is chairman of the general committee of arrangements.

# Sky-Writer Over Andover

The last word in advertising, sky-writing by aeroplane, was seen over Andover for the first time, Wednesday noon, a little after one o'clock. Yesterday afternoon at three o'clock the aeroplane made a second visit, inscribing "Lucky Strike" in white letters, which stood out plainly against the blue of the sky.

The first word was written in Roman and the second in script. Each letter is said to be a mile in height. In order to complete the giant letters and have both words readable, the aeroplane must travel over 100 miles an hour and throw off 80,000,000 cubic feet of smoke. The distance from the beginning of the first word to the end of the second was estimated as six and one half miles. The letters were written at a height of two miles and were visible over a ground area of 150 square miles.

# Will Attend Initiation

Chief Alfred Robb of Clan Johnstone has completed arrangements for the transportation of the members who will attend the initiation of Governor Channing H. Cox into the Order of Scottish clans, Saturday night in the Scenic Temple, Boston. Accommodations can be provided for only 50 and already 45 have notified the chief.

Governor Cox will become a member of Clan McKinley of Dorchester, and the degree team will consist of ex-service men, led by Col. Percy Guthrie of the McLean Kilites. Col. Walter Scott, Mayor McPhetres of Lynn, are among the specially invited guests. Members of the Supreme Court and legislature will also attend.

The Clan Johnstone delegation will leave Andover square promptly at 5:30. For those members who attend the soccer game in Shawheen Village the auto busses will leave there as soon as the game ends, and to avoid confusion, the men should see Chief Alfred Robb, Henry Cairnie or David Robb, the committee at Balmoral Field, to secure their transportation. It promises to be a big night for Clansmen.

# Carrie I. Buchanan Association Officers

The regular meeting of the Carrie I. Buchanan association was held at the Soldiers' home in Chelsea Wednesday, and Mrs. Buchanan and Mrs. E. Davis attended from this town. During the afternoon a May party was held for the old soldiers and May baskets distributed. Whist was also played.

The officers elected for the coming year were: president, Mrs. Carrie I. Buchanan; vice president, Mrs. Lizzie Nickerson of Reading; secretary, Mrs. Elmer Davis; treasurer, Mrs. Fannie Dunn of Everett.

# Abbot Academy Notes

The class in Rhythmic Dancing under Miss Manship's direction gave a charming group of dances under the Old Oak, on Davis Green on Saturday afternoon.

Dean Brown of the Yale School of Religion was the speaker at the weekly service in Abbot hall.

On Tuesday evening, the Senior Middle class had their annual banquet, while the Junior Middle class enjoyed a picnic at Pamp's pond.

Field Day resulted in a victory for the seniors, the final score being 64-32.

The engagement of Miss Coutts to Robert L. Morrison of Detroit, Michigan, has recently been announced.

## Entertained at Luncheon

Mrs. Warren K. Moorehead entertained at luncheon on Thursday in honor of Mrs. McMillan of Salt Lake City, Utah, who is the guest of Mrs. Charles Thompson.

Covers were laid for twenty-five, small tables being used. The house was beautifully decorated with spring flowers. Many guests were present from out of town.

On the same afternoon, Mrs. Eben A. Baldwin of Main street entertained at tea. Those who poured were Mrs. Fred Baldwin of Sherbrooke, Province of Quebec, and Mrs. Frank Purden.

## Whist at Masonic Club

The Masonic club ladies held an enjoyable whist party in the club rooms last evening with about 20 tables arranged throughout the rooms for play.

The highest score prize winners were: first lady's, Mrs. Stanley V. Lane; second, Mrs. George Dick; third, Mrs. Joseph Blunt; first gentleman's, Edmond E. Hammond; second, Fred H. Morrison; third, Everett H. Lundgren. There was a tie between Harry Wadman and T. H. Lane for the booby prize and in the draw the prize was won by the former.

Refreshments were served and a social hour enjoyed.

## Card of Thanks

We deeply appreciate the continued expressions of love and sympathy shown our loved one through her long years of suffering, and for the beautiful floral offerings sent at her passing.

## Andover Public Health Committee

At the recent annual meeting of the Andover Public Health Committee, the committee on changing the By-Laws, consisting of Mrs. Brewster, chairman, Miss Anna Kuhn and Mrs. George L. Selden, presented the following By-Laws, which were accepted:

**ARTICLE I — NAME**  
The name of this organization shall be the Andover Public Health Committee.

**ARTICLE II — OBJECT**  
The object of this committee is to continue, under the Andover Branch of the American Red Cross, the work of the Andover Public Health Association, to promote the public health of the town, and especially to assist the District Nurse and to provide education in health matters.

**ARTICLE III — MEMBERS**  
This committee shall consist of the present Board of Directors of the Andover Public Health Association, five of whom shall be elected to serve for three years, five for two years, and five for one year.

At every annual meeting, successors to the retiring members shall be elected by majority vote of the standing members, for a three year term. Members are eligible to reelection.

Temporary vacancies may be filled for unexpected terms by the committee.

**ARTICLE IV — OFFICERS**  
The officers of this committee shall be a Chairman, a Vice-Chairman, and a Secretary. These shall be elected at the regular October meeting, to serve for one year. The Chairman of the Andover Branch of the Red Cross shall be an advisory officer of this committee.

**ARTICLE V — MEETINGS**  
There shall be three regular meetings of the committee yearly, during the first weeks of February, of May, and of October. The meeting in May shall be known as the Annual meeting.

Special meetings may be called by the officers at any time.

Five members shall constitute a quorum. A public meeting shall be held annually at the time of the Red Cross Roll Call. Other public meetings may be held at the discretion of the Committee.

**ARTICLE VI — SUB-COMMITTEES**  
The women members of this committee shall constitute a sub-committee, which, at least once in two months, shall confer with the District Nurse. The men members shall be a sub-committee on health education, which shall meet in connection with the three regular meetings of the year.

At the regular meeting in February, the Chairman shall appoint a nominating committee from the standing members, to serve both at the May, and the October meetings. Other sub-committees may be appointed at the discretion of the Chairman.

**ARTICLE VII**  
These By-Laws shall be read aloud by the secretary at the regular meeting in October.

**ARTICLE VIII**  
These By-Laws may be amended at any regular meeting by a two-thirds vote of the total membership of the committee.

CLAUDE M. FUESS, (chairman)

## Local Boys Take Part in Recital at Wakefield

Leonard Perkins, Joseph Doherty, and Donald Bassett of this town, pupils of Joseph Emile Daudelin, played violin solos at the recital given by the Wakefield Branch of the Boston Institute of Music, at the Wakefield Y. M. C. A., on Tuesday evening, May 22.

These boys were all members of the orchestral class, and Donald Bassett was also a member of the chorus. The recital was held under the supervision of Mr. Daudelin, who is director of the Boston Institute of Music.

The program:

Grand March — Saddle and Sabre	Bennett
Orchestral Class	Carse
Violin Solo — Premiere Valse	Krogmann
Violin Solo — The Prince Waltz	Dandia
Violin Solo — Joseph Doherty	Widker
Violin Solo — Melodie	Leideritz
Violin Solo — Romance	Correll
Violin Solo — Seldan Valse	Hann
Violin Solo — Sonate for Two Violins	Carse
Violin Solo — First Violin, Harold Sawyer	Mendelssohn
Violin Solo — Second Violin, Miss Lucy Norton	Max Bruch
Violin Solo — Viola, Miss Ruth Wightman	Gounod
Violin Solo — Piano, Mrs. Franklin H. Bliss	
Violin Solo — Serenade Angeline	
Violin Solo — Andante op. 7	
Violin Solo — Concerto Militaire

## Given Apple Blossom Shower

Miss Carita Bigelow, daughter of Rev. and Mrs. E. Victor Bigelow, who is to be married in October, to Donald Moore of Methuen, was given a kitchen shower on Saturday afternoon at the home of Mrs. H. A. S. Read of William street, Shawheen Village.

The house was beautifully decorated with apple blossoms and the color scheme of pink and green was carried out in the wrapping of the gifts and in the table decorations. A clothes basket was filled with gifts of pyrex and aluminum, and a "shower bouquet" fashioned of a large calender and a multitude of smaller aluminum utensils was presented by Miss Elizabeth Read.

Refreshments were served by Caterer Page of Lowell. Among the guests, were the A. P. C. Sorority of the South church, and classmates of Miss Bigelow's at Abbot academy, and Wellesley college.

## Piedmont Quartet to Sing at South Church

The Piedmont Male Quartet which sang at the State Conference of Congregational Churches in Great Barrington this week, have made an engagement to sing at the South church, Andover, on Sunday evening, June 3, at 7:45.

Many Andover friends of this famous college for Southern whites will be pleased to hear these students singing their Southern Folk songs and Dialect gies.

## Party at Pumps Pond

Miss Marjorie Bissett entertained the members of her Sunday school class, Saturday afternoon at Pumps pond. Games were played and a basket picnic enjoyed. Those present were Miss Bissett, Margaret Laurie, Dorothy Foster, Ruth Bodwell, Margaret Purcell, Dorothy Gordon, Nan Gordon, Mary Dobbie, Helen Mears, Gladys Gagnon, Mary Bissett, May Sorrie and Agnes Deyermund.

## Masonic Club Whist

The third in the series of whist parties by the Andover Masonic club was held in the clubhouse last Friday evening and progressive whist was played at 20 tables. The winners were: Ladies' 1st, Mrs. Dana W. Clark, vase; 2nd, Miss Alice S. Coutts, box of candy; consolation, Mrs. Ralph Hadley; men's 1st, Ralph Hadley, vase; 2nd, Carl E. Elander, Eversharp pencil; consolation, Harry Chadwick.

Refreshments were served by the house committee, Samuel P. Hulme, chairman.

## Obituaries

### WALTER BAKER

Walter Baker died last Friday afternoon at the family home on North street, West Andover, aged 76 years. He leaves a brother, Richard Baker of South Dakota; two sisters, Mrs. Somerville of Lyander, N. Y., and Mrs. Belle Hutchins of West Andover. The remains were forwarded to Lyander, N. Y., for burial.

### MRS. STEPHEN JACKSON

Mrs. Margaret (Main) Jackson, wife of Stephen Jackson, passed away late Saturday evening at the family home, 44 Maple avenue, following a long illness. Deceased was born in Nova Scotia, 69 years ago. She had been a resident of Andover for the past 40 years.

Mrs. Jackson was active in relief and church work. She was a member of the Relief corps and was a regular attendant and an active member of Free Congregational church for many years.

For more than thirty years, she was identified with the Ladies' Benevolent society, the Foreign Missionary department and church-school work. She was one of the founders and served as a president of the Helping Hand society of the church. Mrs. Jackson celebrated her 60th birthday last Wednesday, and on that occasion was pleasantly remembered with many gifts from the church and its organizations.

Besides her husband Stephen, she leaves two sons, Harold and Arthur; two daughters, Mrs. Harold Cotton of Newcastle, Penn., and Mrs. David May of Andover; and eight grandchildren.

Funeral services were held Tuesday afternoon from the late home with Rev. F. A. Wilson officiating. During the services a quartet, composed of Miss Mary W. Scott, Miss Jean McLeish, J. William Crowe, and David May, sang "Christ the Solid Rock" and "How Strong and Sweet My Father's Care," favorite hymns of the deceased.

The bearers were George Main of Middleborough, David May, Milo Gould, Arthur Jackson. Burial was in Spring Grove cemetery.

## PERCHES SAVE BIRDS' LIVES

Simple Idea Which Has Resulted in the Preservation of Thousands of Migrating Songsters.

Bird lovers in Great Britain will soon be watching for the return of the first migrants and those especially who live near the sea will remember the kindly thought of the Royal Society for the Protection of Birds in its work of providing resting places and perches on the lighthouses, with out which great numbers flutter round and round the dazzling light until they fall.

It was thought at one time that the birds attracted by the light dashed against the glass, but the Dutch naturalist, Mr. Thijssen, discovered that they merely flew round and round the incomprehensible gleam, and he devised the plan of putting up a screen of perches above and below the light to which they might cling and rest before resuming their journey by daylight. The experiment was first tried at the great Terschelling light, where the destruction was reduced from a thousand in a night to a hundred in a season.

The Bird Protection society has now set up these perches on four English lighthouses: The Caskets, St. Catherine's, Spurn Head lighthouse and the South Bishop lighthouse. Each equipment costs £100 and £20 a year upkeep. The society hopes, as funds allow, to extend the plan to other lighthouses, where many thousands of birds are still falling every migration season.—Christian Science Monitor.

## OLD TAVERNS IN NEW FORM

"Roadomes" on the Pacific Coast Have Proved Popular With the Increasing Tourist Community.

On the Pacific coast they are supplementing the parking reservations or camps for motor tourists with caravansaries or tourist hotels which they call "roadomes." Though why the perfectly serviceable English "road homes" should not be used, no one offers to explain.

The institution itself, however, concerns us most, and is a natural development of the vast overland touring movement that manifests itself every summer in the United States. The new kind of outing is growing enormously popular, and as the quality of the turnpikes improve, will become far more so.

The Far West "roadomes" of the larger size will each accommodate about 400 guests, and 90 automobiles, while the smaller ones will house 200 guests and 45 cars. These wayside inns will be of one-story bungalow court construction, concrete and brick, with tiled roofs, and will exhibit picturesque exterior in keeping with the awakened taste for the artistic in this country.

All the apartments are to have kitchenettes, tourists expected to furnish their own food supplies. Camp grounds are not to be abolished, but the new structures are at hand to furnish shelter in bad weather, and to meet the desires of those who don't care for roughing it.

In a new form the ancient roadside tavern is thus to be restored, to figure in literature and romance perhaps as greatly as the taverns of the ancient times.

## OF GREAT HISTORIC INTEREST

Old Papers Recently Found in Attorney General Daugherty's Office Date From Birth of Nation.

Attorney General Daugherty recently unearthed from old files in his office a various lot of papers dating back to George Washington's time. There were documents written by such famous attorneys general as Edmund Randolph, appointed in 1780, and the first man to hold the office, William Wirt, John M. Berrien and Caleb Cushing.

The document of greatest human interest is what is now regarded as the last official letter of President Lincoln. It was written by Attorney General Speed on the day the evening of which saw the assassination at Ford's theater. It appears that Lincoln frequently scrawled a few words to the attorney general across the backs of papers sent him for comment and direction.

Another paper shows that Walt Whitman, the poet, was on the payroll of the attorney general's office as a clerk about the time of the Civil war. He drew less than \$100 a month in salary.

These documents will all be preserved with especial care and added to the collection of other interesting historical papers in the possession of the government.

## Treasure Story.

There was a legend in the Saunders family that an aged slave had hid a chest of money and silver before the Union forces invaded the Saunders' community in Alabama during the Civil war, and that this faithful retainer died of apoplexy before he could get back to his master. Searches made at intervals for years brought no trace of the fortune, Capper's Weekly says. Finally the present generation of the family disclosed it as "an old mammy's tale." Last week a dog digging for a gopher uncovered a treasure chest filled with gold and silver coins and the Saunders family pale. The old mammy's tale was true after all. We live in a skeptical age.

## Fire Result of Carelessness.

Fire control on national forests becomes every year more effective through various forms of co-operation, says the Forest service, United States Department of Agriculture. Man-caused fires are still the great hazard and the great problem. The only way, he says, to reduce these fires is to impress the habit of care with fire on the minds of users and visitors on national forests. In 1921 the total number of man-caused fires was 4,400; yet there is no more reason for the usual man-caused fire on the national forests than there is for the usual grade-crossing accident.

## Hospitality at Cost.

My sister and I were taking a first journey away from the old home to college. We had a short wait in a large city and went into a hotel, where the solicitous clerk insisted upon our resting in a fine sitting room with two bedrooms adjoining. After an hour or so we started out.

As a passing thought I asked the men at the desk if there were any cots.

To my utter amazement and horror he replied, "Eight dollars."—Chicago Tribune.

## The Reason.

"I simply cannot stand the sound of a motor horn," said Smithy.

"Why not?" asked an acquaintance. "Some time ago my chauffeur stole my car and eloped with my wife, and every time I hear a horn toot I think he is bringing her back."

## He Holy-Stoned It Also.

"Filed my income tax statement." "Yes, I not only filed it but I used a grand stone on it and then couldn't get it down to a decent looking figure."

## Ford Motor Company

Invisible, yet daily gripped in the hands of millions of persons, straw from the farm of Henry Ford is literally scattered to the four corners of the earth.

Strange as this statement may seem, it is true. Out on the Ford farm at Dearborn, Mich., operated entirely by Fordson tractor power, there was no use for the great loads of straw annually harvested there with the grain until the Ford Motor Company, given to doing unusual things, found a use for it.

The straw is used as an ingredient in the composition of Fordite, a material of flint-like hardness and a development of the Ford Motor Company, from which steering wheels are made and the Fordite plant at Highland Park supplies these steering wheels for all Ford cars and trucks, wherever assembled throughout the world—in the United States, Canada and abroad—and also for use on Fordson tractors.

The Fordite plant, begun about four years ago something as an experiment, is at present producing an average of 8,500 of these steering wheels daily under the manufacturing schedule of three eight-hour working shifts six days a week. Subjected to the most minute inspection and given the most exacting tests, they are the strongest and most durable steering wheels produced, of ever-wearing quality, a bright lustrous black and superior in many ways to wooden steering wheels.

The straw from the Ford farm, which is sufficient in quantity for only about nine months' manufacture after which straw must be purchased outside, is utilized, following a shredding process, as a binder in making that part of Fordite which forms the core of the steering wheel, insuring a rim of exceptional strength. The daily consumption at present is about a ton and a half.

Manufacture of Fordite begins with the raw materials. In preparing the core stock, the straw, rubber base, sulphur, silica and other ingredients are mixed in batches of 150 pounds each which then go to the rubber mills where they are mixed between heated

rollers for a period of forty-five minutes. By that time the substance is ready for the tubing machines into which it is fed in small strips and from which it emerges through a round die, fifteen-sixteenths of an inch in diameter, much as sausage from a sausage grinding machine. As it comes out it is cut, on the bias into lengths of 52 inches and then is ready to be rolled into the outside covering of fine rubber-like substance.

After the core has been wrapped into the covering, which is of equal length and seven and a half inches wide, affording a double cover, the whole is secured in circular form and sent to steel molds the exact size of a steering wheel.

Held fast in these molds under hydraulic pressure of 2,000 pounds to the square inch, these Fordite steering wheels are subjected to a heat treatment of 68 pounds of steam for a period of fifty minutes. Hot as they are from the steam ovens, they are soft and pliable, but within a short time after they are placed on the cooling racks they assume a flint-like hardness that remains.

Next, the Fordite steering wheels go to the finishing room where they are smoothly trimmed and polished. The pressed steel "spider," or cross piece, is then placed in the wheel and securely fastened on by a machine which in one operation bores a small hole and in the next screws in the screw. The steering wheel is then ready for shipment and assembly on the car.

Manufacture of these wheels is only a part of the work done in the Fordite plant. In addition it turns out a daily average of 9,000 front spring pads, 150,000 commutator insulator buttons, 9,000 magneto contact insulators, 7,500 cutout insulators, 8,000 motor starter insulators, 8,000 generator insulators, 7,500 dash terminal blocks, 6,000 battery cable bushings, 19,000 hood block bushings, 20,000 tail light wire bushings, 3,200 battery covers, 6,500 rear panel plugs, and 10,000 cable insulators for metal dashes.

## CANADA'S IDLE WATER POWER

Estimated That 94 Per Cent of Available Potency Has Yet to Be Harnessed.

Canada's waterfalls developed 3,000, 000 horse-power of electrical energy during 1922. The revenue to manufacturers from this power amounted to \$81,600,000, according to a report issued by the federal water powers branch of the Dominion government.

Ontario, with Niagara Falls as its chief source of power, led in production among the provinces with 1,330, 000 horse-power, the report shows. Quebec followed closely with 1,100, 000 horse-power, and British Columbia was third with 310,000. The remainder was distributed among Manitoba, Alberta, Nova Scotia, New Brunswick and Prince Edward Island.

Despite the high cost of construction, hydro-power development installed last year totaled 529,000 horse-power. Total capital invested in water power is estimated at \$620,658, 731. Horse-power development amounts to 387 per 1,000 of Canada's population.

"Demand upon industrial centers for greater production is increasing with the cultivation of new stretches of farm land in the West," the report states. "Industrial experts are urging rapid installation of hydro-power plants with a view to providing machinery and other farm supplies at a lower cost, and thus stimulate the greater settlement of lands."

Water power now in use represents a little over 6 per cent of Canada's total water power resources, which are estimated by the report at 41,700, horse-power.

## JUDGE'S IDEA OF JUSTICE

Explanation of Why Mercy Was Shown to Defaulting Banker and Severity to Chicken Thief.

Judge Swartz' resignation after 36 years on the bench in Montgomery county reminds me of a letter which I once received from him, "Girard" writes in the Philadelphia Inquirer.

He had sentenced a man to several years in prison for stealing chickens. The value of the booty was only a few dollars.

It happened on the same day that another judge in a central Pennsylvania county had sentenced a bank president to one year in prison.

The banker had misappropriated over \$100,000, and for a period of many years he had falsified the accounts of the bank as returned to the comptroller of the currency. These two items were printed together in a Philadelphia newspaper as showing the difference in judicial severity.

The letter I got from Judge Swartz said it appeared on the face of it as if he had punished his man too hard, but the fact was the chicken thief was an old offender, to whom a term in prison meant no mental stress.

The bank president, argued Judge Swartz, would be punished the more severely by his brief term in jail, due to his higher standards of life.

**Tree Planting in Massachusetts.** Massachusetts will have the biggest tree planting bee in its history this spring when 2,000,000 pines and spruces are set out by cities, towns and private citizens on waste land. Most of the young trees will be sold at nominal cost by the state.

"There has been a decided awakening in Massachusetts to the need of forest conservation," said Chief Forester H. O. Cook recently. "In the state nurseries, in which we raise pines and spruces, we have 1,500,000 trees of the best age for transplanting. There is such an increased interest in this subject that we expect to produce transplantable trees in our nurseries at a rate in excess of 4,000, 000 annually."

The lowest estimated cost of the forest plantings is two cents for each little tree. The entire cost probably will exceed \$40,000. In 50 years the trees should be worth \$200,000.

## PROFIT IN LOW-GRADE ORE

Mining Engineers See the Possibility, but Enormous Capital Will Have to Be Employed.

Radium-bearing pegmatites in various districts in Ontario, Canada, will eventually be profitably exploited, according to a writer in the Engineering and Mining Journal-Press of New York. He states that the pegmatites of the province undoubtedly contain in the aggregate a relatively enormous amount of radium and thorium minerals, but these occur in a widely disseminated condition. Low-grade ore containing a pound or two of uranium oxide to the ton might, under certain conditions, prove workable, the tailings constituting a refined ground feldspar product, for the pottery industries, that would be the main source of revenue, while the uranium minerals would be a by-product obtainable probably at a little extra expense. The application of a concentration process would remove not only the radium minerals, but also various impurities, such as magnetite, ilmenite, pyrite and tourmaline, thus improving the quality of the feldspar product and enabling deposits to be worked on a large scale. Such operations, however, could probably be successfully carried on only by a company with sufficient capital to produce and market ground feldspar in large quantities, mine mica and recover and refine the rare mineral by-products.

## NAME NOT HOUSEHOLD WORD

When Governor Parker of Louisiana Realized How Unknown a Prominent Man Can Be.

Gov. John M. Parker of Louisiana relates this incident, in the New York Herald: "Pride goeth before a fall." Sometimes it is a real good thing to realize what an infinitesimal molecule a man is. Occasionally this fact is brought to the attention of the man in public life.

"In 1912, shortly after my friend the lamented Theodore Roosevelt was shot, it was necessary for some of his loyal friends to keep his engagements, and it fell to my lot to speak in a number of western cities. Of course, no man could really take his place, but the experiences of some of the introductions were real rich.

"In one instance the chairman, after a lengthy introduction in which he practically made a speech with the usual glowing close, 'I now have the honor of presenting that prominent Southerner, excellent citizen, splendid American,' hesitated a moment, turned aside and in a stage whisper said, 'What is your name, quick?'

## Threw Girls Into Panic.

One girl swooned and several others, panic-stricken, rushed for exits when a noise which sounded to them like a "message from the dead" penetrated the stillness of the county morgue in Detroit.

The incident occurred when a party of 20 students from the Detroit Teachers' college was being shown the routine of the morgue.

A low whistle, somewhat similar to a breathing noise, came just as the morgue attendant was explaining how the morgue functioned. Skirts were grasped and amid shrieks the fair visitors dashed out of the place, one fainting on the way. The noise, it was later developed, was caused by some one blowing an old-fashioned speaking tube connecting the chambers and the office in an effort to get in communication with the morgue attendant.

## The Logical Sex.

In the light of the fireplace sat the occasional philosopher, comfortably puffing his pipe as he surveyed as fine an audience as ever a man is blessed with. In another great leather chair lounged his most sympathetic friend, curled like a kitten on the divan was his adoring wife.

"One cannot say," he continued, "that either men's or women's minds are inferior or superior, but undoubtedly they are different. For instance, it occurs to me, a trait of the feminine mind is that it cannot keep a discussion on an impersonal basis."

The "kitten" uncurred with a snap. "John, dear, you know that isn't true. I never make a conversation personal."

## Forest Land Unprotected.

Approximately 166,000,000 acres of privately owned forest land are wholly unprotected from fire, says the forest service, United States Department of Agriculture. On many other areas the protection is incomplete and inadequate. Based on a six-year average, the annual loss of property from forest fires is \$16,424,000. Yet a yearly expenditure of \$9,263,000 would fairly protect all the privately owned timber lands in the United States.

## Tornado's Freaks.

A tornado swept over section of the country one night. Just imagine our amazement upon waking from our peaceful slumber to find straw from a nearby straw stack driven like nails into the sides of a new barn. Our galvanized watering tank, which was 30 feet long and 15 feet wide, which had been set into the ground one foot and was half full of water, had been carried one-fourth of a mile and dropped.—Chicago Journal.

## Choice Cargo Reaches Liverpool.

Apples, pears, beans, poultry, oysters, frozen meat, bacon, flour and bars for copper-making helped to make up the 10,000-ton miscellaneous cargo of an Atlantic liner which recently reached Liverpool from New York.—London Answers.

## Held for Grand Jury

In public court Monday afternoon, Floyd McDonald of this town, was held by Judge Stone for the grand jury on a charge of assaulting night officer Leonard Saunders, while arresting another prisoner early Sunday morning, following a disturbance in the Andover cafe on Essex street.

McDonald was also found guilty on three other charges and sentences were as follows: \$150 for operating an automobile while under the influence of liquor; \$50 for causing a disturbance and \$25 for drunkenness. He appealed and was held in \$500 for the superior court, bonds being furnished by Louis Resnik.

John J. McGrath of Hartigan court was fined \$25 for disturbance and \$10 for drunkenness.

Chester Harris of 71 Allston street, Medford, was fined \$50 for operating an auto while under the influence of liquor and \$5 for drunkenness.

Richard E. Cahill of Boston, charged with drunkenness and operating an automobile under the influence of liquor had his case continued until May 28.

Nelson Rose of Medford was fined \$50 for operating a motor vehicle under the influence of liquor and \$10 for drunkenness. He appealed.

Guy O. Tuttle of Haverhill, charged with drunkenness and operating a motor vehicle while under the influence of liquor had his case continued.

## P. A. Has Easy Victory Over Worcester

The academy's husky track team had an easy win over Worcester Academy Saturday, 92-23 points to 33-1-3. While Worcester excelled in the track events, Andover made almost a clean sweep in the field events. The feature was the 880-yard run in which Multer of Andover, was beaten by Clausen of Worcester, in one of the most thrilling races ever seen on the Worcester track. Clausen, by a powerful sprint on the last turn, just nipped Multer at the tape.

Capt. A. L. Miller of Worcester, won the 100-yard dash from Glendinning and Hutchinson of Andover in 10-1-10 seconds, with one timer catching him in 10 flat. Miller repeated in the 220-yard dash, defeating Borah and Hutchinson in 22-5-5 seconds.

In the 440-yard run Allen of Andover, just nosed out Patience of Worcester, by a sprint at the finish, which carried him through a

## winner by two yards.

Clausen won the mile run by 40 yards over Smith of Andover, in 4m. 36-2-5s. The summary:

100-yard dash—Won by Miller, Worcester; Glendinning, Andover, second; Hutchinson, Andover, third. Time: 10-1-10s.

220-yard dash—Won by Miller, Worcester; Borah, Andover, second; Hutchinson, Andover, third. Time: 22-2-5s.

440-yard dash—Won by Allen, Andover; Patience, Worcester, second; Lord, Andover, third. Time: 52s.

880-yard run—Won by Clausen, Worcester; Multer, Andover, second; Shute, Andover, third. Time: 4m. 36-2-5s.

220-yard hurdles—Won by Paxton, Andover; Wood, Andover, second; MacInnes, Worcester, third. Time: 26-1-5s.

## Andover Tennis Team Wins

Saturday afternoon the Andover tennis team won its fourth victory of the season from the strong Harvard second team. It was a great win for the blue, and a hard-earned one at that. The members of the team deserve great credit, particularly Captain Charley Watson, Mooney Evans and Jack Failing. All these men won their singles in the face of strong opposition, and

also scored in the doubles matches for the two points needed to clinch victory. Lew Gordon, although defeated in his singles, played a sterling game in the doubles with Captain Watson, and these two succeeded in pulling victory out of the fire, although they lost the first set, and were behind, 2-0, early in the second. The final score of the meet was 5-4, and the blue brought success to themselves by winning three out of six singles, and two out of three doubles.

## The summary:

**SINGLES**  
Captain Watson, Andover, defeated Cabot, Harvard, 6-2, 8-6.

Duncan, Harvard, defeated Gordon, Andover, 6-3, 6-2.

Evans, Andover, defeated Stralen, Harvard, 6-4, 8-6.

Failing, Andover, defeated Upjohn, Harvard, 6-3, 8-6.

Rouillon, Harvard, defeated Remington, Andover, 7-5, 2-6, 6-4.

Harrington, Harvard, defeated Reilly, Andover, 6-1, 7-5.

**DOUBLES**  
Captain Watson and Gordon, Andover, defeated Cabot and Harrington, Harvard, 3-6, 6-2, 6-3.

Evans and Failing, Andover, defeated Duncan and Upjohn, Harvard, 6-1, 6-4.

Rouillon and Stralen, Harvard, defeated Reilly and Remington, Andover, 8-6, 10-8.

## Child's Ankle Broken

Tuesday afternoon, Arthur Glines, the three and one half year old son of Mr. and Mrs. Roland B. Glines of Bartlet street, sustained a broken leg when run over by an automobile, driven by Daniel Haggerty.

Mr. Haggerty was going slowly at the time; he was about to pick up a friend, when the child suddenly ran out from the sidewalk in front of the machine. He was knocked down and the rear wheel passed over his left leg just above the ankle. Medical aid was summoned and the broken limb placed in a cast. According to an eye witness, no blame is attached to Mr. Haggerty.

"A vehicle, overtaking another, shall pass to the left, but must not interfere with traffic from the opposite direction, nor pull over to the right before entirely clear of the overtaken vehicle."  
(Council of National Defense)

"I've picked up a lot of motoring experience since I first drove the old two-cylinder bus 'way back in—I guess it must have been around 1906 or '07. And there are two rules of the road that I've always stuck to. 'Safety first' is one of them, and 'consideration for the other fellow' is the second.

"I really believe that it's because I have stuck to them that I haven't had a single smash-up. (Three taps on wood, as I write this!) Just take the matter of passing a car. Simple enough—sure. And the driver that uses common sense and a little consideration never has any trouble. But this habit—and it's mostly a habit—of always trying to get ahead of the fellow in front of you is the cause of more close shaves and real accidents than any other one thing I know of.

"Make sure there's plenty of room ahead of the car you're going to pass. And remember—it's bad business to pass a car near the top of a hill, or on a curve. In fact, it's against the law in some States to pass another car on a curve."

### Boston University Club to Hold May Party

This evening the Boston University club of Lawrence will hold a May Party at the Shawsheen Restaurant. This club is composed of pupils of the University living in and around Lawrence, and an energetic committee has been at work making plans for the affair, which promises to be a great success. Weldon's orchestra will furnish the music.

The Shawsheen restaurant is one of the largest and most modern dance floors in the country and is capable of holding the large crowd that is expected to attend this affair.

### Dance Floor at Balmoral Garden to Open Saturday Night

The series of Saturday night dances held at the Shawsheen Restaurant, Shawsheen Village during the fall and winter ended last Saturday night, after a most successful season.

The attendance from Lawrence, Haverhill and Lowell, exceeded the expectations of the management and there is little question that the dances will be continued next season.

Commencing next Saturday night, May 26, the open air dance floor at Balmoral Garden will open for the summer and dances will be held there Wednesday and Saturday nights. Sinclair's orchestra of five pieces, which played last season, will furnish the music.

The outdoor dances at the Balmoral Garden last summer attracted thousands of people to Shawsheen. The Spa became a popular rendezvous for automobile parties who could park their cars and dance a few times under the check dancing system no admission ticket is required.

Although automobile travel through the Village is somewhat slowed up by the construction on Main street, the road to the Village is open from all directions and automobiles will encounter no difficulties or detours in reaching the Spa.

### Fore River Defeats Shawsheen

Shawsheen was defeated by the score of 3 to 1 in the benefit soccer game for Charles Hurrell, who was hurt sometime ago. The game was played at Balmoral Field and although the audience was not as large as was expected, it was announced that many tickets were sold to people who did not attend the game.

Shawsheen played a good game at the start but fell down towards the end.

### EDUCATING THE CITY CHILD

Cow Recently Placed in New York Zoo Source of Much Delight to the Juveniles.

New York's zoo seems to be the first one to get a cow for exhibition among the "strange animals" gathered from all quarters of the globe. The cow was presented by the Dairyman's league.

So, now, no longer will city children entertain a vague idea that milk as they know it originates somehow in a bottle or a tin can. The American animal that generates milk will be right before their eyes, and, no doubt, at fixed times of day she will be milked in the presence of large and deeply interested juvenile audiences.

In St. Louis it was found that there were large numbers of children that had never seen a sheep, a somewhat smaller number that had never beheld a pig, and a very considerable percentage to whom a cow was only a picture.

A cow is, of course, as appropriate in a zoo as a bear, and ours, like others, will be graced with one. Children will learn where the milk comes from and when they are older they can visit a first-class dairy and see what is done to it to keep it wholesome.—St. Louis Globe-Democrat.

### ADDING TO WAR'S CASUALTIES

Buried Shells Continue to Do Deadly Work in France—Tragedy in Parisian Hotel.

Shells buried in northern France during the war continue to explode occasionally when struck by peasants' plows, adding to the war casualties four years after the cessation of hostilities. The question is often asked whether an unexploded shell ever becomes harmless. Some experts say never, unless exposed to the air, while others contend that live shells become "duds" after many years.

The theory of the latter group is hardly borne out by an incident which recently occurred in a Paris hotel. A projectile of the time of Napoleon III had long been used by the hotel employees as a pestle, and had several times been fitted with new handles to replace those pounded off. Recently it was left in close proximity to the hotel furnace, with the result that the hotel engineer has gone into the class of casualties of the war of 1870, and the hot is undergoing important repairs.

### ELKS CHARITY MAY PARTY

Exhibition Dancing, Quadrilles and Jazz Contribute to Success of Party Given by Lawrence Lodge

A very successful Charity May party was held at the Shawsheen restaurant, Haverhill street, on Wednesday evening by Lawrence Lodge of Elks.

The program consisted of old-fashioned dancing such as quadrilles and Virginia Reels, as well as fox-trotting and jazz. The novelties and specialties were: Oriental dancing specially by Miss Rose Bernard; toe-dancing specially by Miss Gertrude Doerr.

The committee consisted of Thomas Begen, chairman; John J. Donovan, W. J. Benoit, Louis P. Berwick, E. J. Wolfendale, Frank E. Harding, William J. Toohy, Jr., Michael J. Walsh, Romeo A. Carbonneau, Oscar Matthew, John K. Smith, John E. Tierney, R. A. Morrissey, Charles A. Johnson, Michael J. Batal and Jere J. Twomey.

Bardsley's orchestra furnished the music for dancing.

### Automobile Accident

About 5:15 o'clock Wednesday evening, at the corner of Balmoral and York streets, a Dodge touring car driven by a Lowell man hit a Ford racer driven by Roy Bennett of Shawsheen Village, throwing the occupants of the Ford out of the machine.

The Ford machine was going along Balmoral street toward North Main street, and the Dodge was coming in the opposite direction and attempted to turn the corner of York street, on the left-hand side of the street and crashed into the Ford, turning the machine over and throwing the two occupants, Roy Bennett, the owner, and Charles Bailey of Methuen, out of the car. Bennett was uninjured but Bailey was rendered unconscious and was taken to the hospital in the Dodge machine.

The Ford was taken to the Shawsheen Garage and it is not as yet known the extent of the damage to either of the machines.

### S. D. G. Club Entertained at Luncheon

The S. D. G. Sewing club met on Wednesday afternoon at the home of Mrs. Fred Blanchard of Carisbrook street. An enjoyable afternoon was spent and an elaborate luncheon was served by the hostess.

Those present were: Mrs. Fred Dodge, Mrs. Harry M. Hill, Mrs. Fred Blanchard, Mrs. C. W. Coolidge and Mrs. Luther Watson.

### American Woolen Company Farms Winner at Ayrshire Dairy Show

The American Woolen Company Farms are one of the largest exhibitors at the Ayrshire Dairy Show being held this week at the Mechanics building, Boston.

Manager C. L. Ambye is in constant attendance there and up to date the stock of the farms has won a large number of the many prizes offered.

### Officers of Parent-Teachers' Association

Officers of the Shawsheen Parent-Teachers' association elected at the meeting held last week were: President, Mrs. Garfield Chase; first vice president, Mrs. Percy Holt; second vice president, Robert Todd; secretary, Miss Genevieve McNally; treasurer, Frederick Blanchard.

### Birth

A son was born on Thursday last at the O'Donnell Hospital, Ballardvale, to Mr. and Mrs. Bernard Riley of Haverhill street.

### Slight Fire in New Office Building

The fire department was called out on last Friday night about 11 o'clock to extinguish a threatening blaze in the new office building at Haverhill street. The blaze started in the third floor where some paints were stored, and it is believed to have been due to spontaneous combustion. There was little damage except that caused by water.

### City of Lawrence Asked to Terminate Lease on Rifle Range

Representatives of the American Woolen company conferred with Mayor Daniel W. Mahony last week, requesting that the city terminate its lease on the property formerly used as the rifle range in Shawsheen Village. The company has bought the property, it being generally understood that it is to be used as a part of a proposed golf course.

At the present time the city holds a lease which runs for three more years. The range has not been used to any extent for a number of years, it is said. Because of its close proximity to residences in Shawsheen Village, the range has become unsuited for all rifle practice. Under its lease the city maintains a keeper at the range.

No decision was given by the mayor on the request, the intention being to place the matter before the city council.

### Girl's Club Meet

The Shawsheen Girl's Club met on Thursday evening at the home of Mrs. Edward R. Lawson, Haverhill street, with all members present.

Plans were made for a week-end party to be held sometime in July. After the business meeting, a one-act play was given entitled "A Lesson in Love." The parts were taken by Miss Emma Holt and Mrs. Elizabeth Lawson. Refreshments were served by the hostess.

### Resourceful Actor

This is a story told by Representative Julius Kahn of California: "The villain was to climb a ladder to a barred window in the third act and try to find his way to freedom. Then, when about to escape, he was to be shot by some one on the outside, after which he was to fall back from the ladder, exclaiming: "Heavens, I'm shot!" or something like that before breathing his last. "On this occasion the revolver of the man behind the scenes who was to fire a blank cartridge didn't work, and the man falling away at the bars could not consistently fall back, exclaiming that he was shot. But he was a resourceful actor, and so he fell from the ladder at the right place, anyhow. As he did so he yelled: "Good heavens! I've swallowed the file!"—New York Herald.

### PERSONALS

Mrs. James Wray and children of Stirling street, are spending a few weeks in Boston.

Alfred Sirois, a student at Cushing Academy, spent the week-end at his home on Dumbarton street.

The double colonial house at 348 North Main street, is on its way to be relocated on Union street, near the two that were moved last week. Traffic and street car service were tied up for a time, while the house was being moved across Main street.

A free lecture on Christian Science was given on Sunday afternoon at 3:30, at the Shawsheen Cafeteria. The lecture was given by Dr. Walton Hubbard, C. S. B., of Los Angeles, Cal. Dr. Hubbard is a member of the board of trustees of the First Church of Christ, Scientist at Boston.

### Airplane Writes in Sky

The most unusual form of advertising yet seen was the cause of much sky-gazing on Wednesday about 1:30. An airplane that could barely be seen circled over the Village and as the crowds watched it, it could be seen that the operator was writing something in the sky. As he circled, a circular letter after letter was formed until one could read two distinct words "Lucky Strike."

The two words written, he disappeared leaving the huge words behind, that remained sometime after the disappearance of the plane.

### Recent Guests at Manor

Anthony as the guests of Robinson Swift of New Bedford.

### JOINS INTER-CLUB LEAGUE

Schedule for Tennis Arranged by Representatives From Merrimack Valley, North Andover and Shawsheen

At an enthusiastic meeting held at the Lawrence Canoe club Monday evening, the following schedule of play was arranged to decide the club tennis championships and singles championship of Greater Lawrence, between players representing the Merrimack Valley Country club, North Andover club, Shawsheen Village A. A., and the Lawrence Canoe club.

May 28—N. A. C. at Canoe Club.  
S. V. A. A. at Country Club.  
June 4—S. V. C. C. at No. Andover.  
L. C. C. at Shawsheen.  
June 11—N. A. C. at Shawsheen.  
L. C. C. at Country Club.  
June 18—L. C. C. at No. Andover.  
M. V. C. C. at Shawsheen.  
June 25—N. A. C. at Country Club.  
S. V. A. A. at Canoe Club.  
July 2—S. V. C. C. at No. Andover.  
M. V. C. C. at Canoe Club.

Games will start at five o'clock on afternoon scheduled, or in case the match cannot be played on night scheduled, on account of weather, clubs will arrange play-off during the week, so that points will be decided before next meeting scheduled. If matches scheduled cannot be finished before darkness, finished matches and sets will stand as played, but unfinished sets will be started over. Five matches will constitute each scheduled meeting, three of singles and two of doubles. Points will be scored five points to each meeting, one point for each match, and the league standing will be figured on percentage basis on points won and lost. Any member of the different clubs is eligible to play.

The club at which the meeting is scheduled will furnish Wright and Ditson Championship balls, starting each match with new balls.

For the singles championship, which will be played after the team matches are finished, each club will enter four men of its team. The first matches will be played at the Country club on Sunday, July 1. The eight players winning at the Country-club courts will play off at the Canoe-club courts the morning of July fourth, and the four winners will play off the semi-finals the same morning. The finals will be played in the afternoon of the fourth, on the Canoe club courts. Entrance fee of one dollar will be charged for the singles championship.

In the play of teams as scheduled, best two out of three sets will constitute a match and in the singles championship, preliminary play will be best two out of three and the finals best three out of five.

A. F. Stone, M. V. C. C., and W. J. McGrath, S. V. A. A., were appointed a committee to arrange for trophies for the club championship and singles championship. Each club will appoint a representative, and these men will meet and make arrangements for permanent organization of the Tennis League of Greater Lawrence.

At the meeting, A. F. Stone represented the Country club, Howard O. Frye, W. J. McGrath, H. Simmers and H. G. Neale represented Shawsheen; F. C. Redmond the North Andover club, George T. Nelson, George D. Morrison, H. M. Roope, J. F. Alter, J. A. Hart and W. L. Taylor the Canoe club.
